

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

fusion

fiu|on

Those of the present school may look upon **v** as composed of 'e. Look upon **el**, **vel**, **bef**, as the same things with 'el, v'el, b'ef, and read eel, veal, beef.

The number of letters is 35, but the number of types required for the printing of them is only 24, because

<b>Λ</b>	will be printed with the inverted	<b>V</b>
<b>Λ</b>	“	<b>y</b>
<b>ϑ</b>	“	<b>a</b>
<b>ϑ</b>	“	<b>e</b>
<b>ϑ</b>	“	<b>c</b>
<b>ϑ</b>	“	<b>g</b>
<b>ϑ</b>	“	<b>h</b>
<b>ϑ</b>	“	<b>t</b>
<b>ϑ</b>	“	<b>l</b>

Any and all printers are in possession of the materials required for Phrenotypic Printing.

On the top of the second column is the phrase "represents the initial sound of the word;" this will indicate to every unsophisticated common-sense man, with *sufficient*, although perhaps not perfect clearness and exactness, the sound he has to produce at the sight of any of the above symbols; and a few minutes' oral instruction is all that is required for *perfection*.

To convey an idea of these sounds by the usual divisions, sub-divisions, sub-sub and sub-sub-sub-divisions into vowels, consonants, semi-vowels, consonanto-vowels, consonanto-muto-semi-vowels, &c. &c.—with the "exact" and "philosophical" epithets—long, short, hard, soft, hissing, buzzing, soft-hard, parvo-soft, very long, &c.—with the additional comfort of a minute description of the tendencies, movements, and ultimate conformations, of the numberless nerves,

muscles, membranes, veins, cartilages, glands, &c., of the organs of speech—appears to me as arduous a task as that of conveying an idea of the taste of Cayenne or vinegar by a minute description of the movements of the muscles of the face, tongue, salival glands, &c. produced by Cayenne or vinegar. All such divisions and descriptions are certainly useful in many respects; but to the child, the illiterate Englishman, or the foreigner, they are inextricable puzzles—insurmountable stumbling-blocks. Let therefore the student simply rivet his eyes upon each of the above symbols, and at the same time imitate the respective sounds produced by his teacher; until he can do so without his assistance.

The names of our letters are not the usual ones—ay, bee, see, dee, eff, aitch, &c.; the names of our letters are nothing but

the sounds produced by the organs of speech whilst attempting to pronounce the above corresponding words, and stopping at the first movement.

I ask little Edward how he calls this—pointing to the instrument with which I am scribbling these lines—and he sounds *pen*. The sounded word, *pen*, is the name of this visible object; and so will, to him, the name of each visible letter be the sound which he has been accustomed to hear and pronounce at the sight of that visible letter.

*ch* is to be looked upon as *one* symbol, and not as composed of *two*; at the sight of this *one* symbol we produce *one* sound, which sound is the name of it. The printer will certainly have to form it by putting together *two* types—and so has the watchmaker to put a whole myriad of objects together for the purpose of producing the visible

thing which we agree upon to call by the ~~one~~ short name watch: we do not call it wheelo-glasso-indexo-springo-chaino, &c. &c. This would appear absurd; and we do, for convenience sake, agree to call it simply watch; and so we will, for convenience sake, agree to call ch, not cee aitch, but by the sound that reaches our acoustic nerve synchronously with the rays of light reflected by ch reaching our retina. The same is to be understood with regard to sh, th, ph.

I am well aware that it would be better to have a new *one* symbol for each of them, but this would create too much trouble at once to those of the old school; they would not condescend to allow such concessions, and, therefore, it would jeopardize the whole; when, with the above precaution on the part of the teacher, the trouble is scarcely per-

ceptible to the new generation; such *new* perfect *symbols*, without the necessity, however, of *new* types, you may see in the annexed alphabet for better times, p. 39.

Make the student rivet his eyes upon *ch*, *sh*, *th*, *rh*, and produce the respective *one*, *nothing but one*, and *always the same one* sound, and you will have freed him of the old absurdities at the rate of 99 per cent., with scarcely any inconvenience to the capricious old despots—embarked interest, old habit, public opinion.

chapter 2.

1. n3 when j3zys woz born in bethlehem ov  
1. Now when Jesus was born in Bethlehem of

judæa in the daz ov herod the king, behold,  
Judea, in the days of Herod the king, behold,

thar kam wyz men from the est tu jeruzalem.  
There came wise men from the east to Jerusalem.

2. saing, whar iz he that iz born king ov  
2. Saying, where is he that is born king of

the jiuz? for we hav sen hiz st3r in the  
the Jews? for we have seen his star in the

est, And 3r ktm tu w3rship him.  
east, and are come to worship him.

3. when herod the king had herd thez thingz,  
3. When Herod the king had heard these things,

he woz trybled, And 3f jeruzalem with him.  
he was troubled, and all Jerusalem with him.

4. And when he had gathered al the chieft  
4. And when he had gathered all the chief

prests and the elderz together, he demanded  
priests and the elders together, he demanded

ov them whar kryst shud be born.  
of them where Christ should be born.

5. And tha sed unto him, in bejhlehem ov  
5. And they said unto him, In Bethlehem of

judea: for thus it iz riten by the profet,  
Judea: for thus it is written by the prophet,

6. And th8, bejhlehem, in the land ov jiuda  
6. And thou, Bethlehem, in the land of Juda,

art not the lest among the prinsez ov jiuda  
art not the least among the princes of Juda:

for 8t ov the shal kqm a guvornor that shal  
for out of thee shall come a governor that shall

rul my pepl izrael.  
rule my people Israel.

7. then herod, when he had privils kold  
7. Then Herod, when he had privily called

the wyz men, inkwyrd ov them dilijentls whot  
the wise men, inquired of them diligently what

tym the st8r aperd.  
time the star appeared.

8. And he sent them tu bejhlehem; and  
8. And he sent them to Bethlehem; and

sed, gē, and serch dilijente for the iung chyld;  
 mid, Go, and search diligently for the young child;

and when iu hav fōnd him, bring me wurd  
 and when ye have found him, bring me word

agan, that y ma kum and wurship him also.  
 again, that I may come and worship him also.

9 when tha had herd the king, tha departed:  
 9 When they had heard the king, they departed:

and, lo, the stār which tha so in the west, went  
 and, lo, the star which they saw in the east, went

befor them, til it kam and stud over whar  
 before them, till it came and stood over where

the iung chyld woz.  
 the young child was.

10 when tha so the stār, tha rejoised with  
 10 When they saw the star, they rejoiced with

ekseding grat joi.  
 exceeding great joy.

11 And when tha wer kum intu the hōs, tha  
 11 And when they were come into the house, they

so the iung chyld with mare hiz myther, and  
 saw the young child with Mary his mother, and

fel dōn, and wurshiped him: and when tha  
 fell down, and worshipped him: and when they

had opened thar trepurz, tha prēzented untu  
 had opened their treasures, they presented unto

him gifts ; gold, and frankinsens, and myrr.  
 him gifts ; gold, and frankincense, and myrrh.

12 And being warnd ov God in a dream  
 12 And being warned of God in a dream.

that tha shud not return tu herod, tha departed  
 that they should not return to Herod, they departed.

intu thar en kuntra. Another wa.  
 into their own country another way.

13 And when tha wer departed, behold the  
 13 And when they were departed, behold the

anjel ov the lord apereh tu josef in a dream,  
 angel of the Lord appeareth to Joseph in a dream,

saing, Aryz, And tak the iqng chyld and his  
 saying, Arise, and take the young child and his

myther, and fle intu ejipt, And be ths. tha  
 mother, and flee into Egypt, and be thou there

til y bring the wurd, for herod wil suk the  
 till I bring thee word, for Herod will seek the

iqng chyld tu destroi him.  
 young child to destroy him.

14 when he aroz, he tuk the iqng chyld  
 14 When he arose, he took the young child

and hiz myther by nyt, and departed intu  
 and his mother by night, and departed into

ejipt :  
 Egypt :

15 And woz thar until the deyh ov herod  
 15 And was there until the death of Herod,

that it myt be fulfilled which woz spoken ov  
 that it might be fulfilled: which was spoken of

the lord by the profet, saing, It ov egypt  
 the Lord by the prophet, saying, Out of Egypt

hav y kold my syn.  
 have I called my son.

16 then herod, when he so that he woz  
 16 Then Herod, when he saw that he was

mokd ov the wyz men, woz ekseding reth, And  
 mocked of the wise men, was exceeding wrath, and

sent forth; and sliu ol the childern that war in  
 sent forth, and slew all the children that were in

beshlehem, And in ol the kests tharov, from tu  
 Bethlhem, and in all the coasts thereof, from two

ierz old And under, akording tu the tym which  
 years old and under, according to the time which

he had dilijentli enkwyrd ov the wyz men.  
 he had diligently enquired of the wise men.

17 then woz fulfilled that which woz spoken  
 17 Then was fulfilled that which was spoken

by jereme the profet, saing,  
 by Jeremy the prophet, saying,

18 in rama woz thar a voys herd, lamen-  
 18 In Rama was there a voice heard, lamen-

tashon, And weping And grat mornning, Rachel  
tation, and weeping, and great mourning, Rachel

weping for her childern, And wud not be,  
weeping for her children, and would not be

kumforted bekoz tha Ar not.  
comforted because they are not.

19 but when herod woz ded, betheld, An,  
19 But when Herod was dead, behold, an

anjel ov the lord apsearh in a drem tu josef  
angel of the Lord appeareth in a dream to Joseph

in vjpt,  
in Egypt,

20 saing, Aryz, And tak the iqng chyld And  
20 Saying, Arise, and take the young child and

hiz mqtther, And go intu the land ov izrael,  
his mother, and go into the land of Israel,

for tha Ar ded which sot the iqng chyld'z lyf.  
for they are dead which sought the young child's life.

21 And he arəz And tuk the iqng chyld  
21 And he arose and took the young child

And hiz mqtther, And kam intu the land ov  
and his mother, and came into the land of

izrael.  
Israel.

22 but when he herd that Arkelays did ran  
22 But when he heard that Archelaus did reign

in j Judea in the rum ov hiz ffather herod, he  
in Judea in the room of his father Herod, he

woz afraid tu gə thither : notwithstanding, being  
was afraid to go thither : notwithstanding, being

wornd ov god in a drem, he turnd asyd  
warned of God in a dream, he turned aside

intu the pārts ov galilē :  
into the parts of Galilee :

23 And he kam and dwelt in a sitē kōld

23 And he came and dwelt in a city called

nazareth : that it myt bē fulfild which woz  
Nazareth : that it might be fulfilled which was

spōken by the profets, he shal bē kōld a  
spoken by the prophets, He shall be called a

NAZARETH.

Nazarene.

### chapter 3.

1 in thēz daz kam jon the baptist preching  
in the wildernes ov j Judea,

2 and saing, rēpent is : for the kingdom  
ov hevn iz at hand.

3 for this iz he that woz spōken ov by  
the profet ezaiās, saing, the vois ov wqn  
krying in the wildernes, prēpar is the way  
ov the lord, mak' hiz pāths strat.

4 And the sam jon had hiz rament ov kamel'z har, and a lethern girdl abſt hiz loinz: and hiz mēt woz ləkūsts and wyld hūnē.

5 then went ſt tu him jeruzalem, and al jiudēa, and the rējon rēnd abſt jordan,

6 and wer baptyzed ov him in jordan, konfēsing thar ſinz.

7 bqt when hē sō many ov the farisēz and sadiusēz kum tu hiz baptism, hē sed qntu them, ə jenerashon ov vyperz, hu haþh wōrnd iu tu flē from the rōth tu kum?

8 bring fōrþ tharfēr fruts mēt fōr rēpentans,

9 and þink not tu sa within iurselvz, wē hav abraham tu ſr fāther: fōr y sa qntu iu that god iz abl ov thez stēnz tu raz up childern qntu abraham.

10 and nē alsə thē aks iz lad qntu the rut ov the trēz: tharfēr evrē trē wich bringeth not fōrth gud frut iz hiun dēn, and kāst intu the fyr.

11 y indēd baptyz iu with wōter qntu rēpentans: bqt hē that kumeth āfter me iz mytier than y, huz shuz y am not worthē tu

bar : he shal baptyz iu with the hæl gæst  
and with fyr.

12 huz fæn iz in hiz hand, and he wil  
þhrule þwyrj hiz flær, and gather hiz whæt intu  
his þgarner ; but he wil byrn up the chaf  
with unkwenchabl fyr.

13 then kymeþ jêzqs from galilæ tu jordan  
untu jon, tu bæ baptyzd ov him.

14 but jon fôrbad him, saing, y hav nêd  
tu be baptyzd ov the, and kymest thð tu  
mæ ?

15 and jêzqs ansering sed untu him,  
sqfer it tu bæ sê nð, fôr thus it bekmet  
qs tu fulfil ol rychiqsnes. then hê sqferd him.

16 and jêzqs, when he woz baptyzd, went  
up stratwa ðt ov the wæter : and, læ, the  
hevnz war æpend untu him, and he sê the  
spirit ov god dæsending like a dqv, and  
lyting upon him :

17 and, læ, a vois from hevn, saing, þhts  
z my bælvvd sqn, in hum y am wel plæzd.

n

m

r

l

j

ʃ

l

ʒ

k

g

h

f

v

w

p

b

ʁ

x

This Alphabet differs from that proposed at present—thus :

‡ stands for th

‡ ... .. ‡h

‡ ... .. ch

‡ ... .. sh

x ... .. ks

‡ ... .. gz

u ... .. iu

This Alphabet is nearer perfection than that of 1844, because it is more in accordance with precepts 3, 4, 5, 6; and can equally be printed with the types at present in existence, as the above ‡, ‡, ‡, ‡, ‡, u, are the inverted types t, r, j, f, k, m. But it would give too much trouble at once to those of the old school; and therefore would be impracticable under the present circumstances.

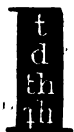

*Here is the Lord's Prayer, written in this  
Alphabet.*

Ɔr fƆter, whiƆ Ɔrt in hevn, halæd bæ Ɔy  
nam : Ɔy kingdom kƆm : Ɔy wil bæ dƆn in  
erɔ ɔz it iz in hevn ; giv Ɔs Ɔis da Ɔr dale  
bred : ɔnd fɔrgiv Ɔs Ɔr trespæsez ɔz wɛ fɔrgiv  
Ɔem Ɔat trespas agenst Ɔs : ɔnd læd Ɔs not  
intu temtashon : bƆt dæliwer Ɔs from evl : fɔr  
Ɔyn iz Ɔe kingdom, Ɔe pɔer, ɔnd Ɔe glære, fɔr  
ever ɔnd ever. amen.

[This is, in itself, decidedly better than  
what I propose at present, but it is not so  
easily legible as that of page 286 Phreno-  
typers will easily guess, from the tabular  
arrangement, the numerical powers of these  
letters.—*See Handbook of Phrenotypics.*]

# NUMBERS.

THE Arabic figures 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, we shall represent by consonants according to the following diagrams

This means we represent

- 0 by s or z
- 1 — t, d, th, or th
- 2 — n
- 3 — m
- 4 — r
- 5 — l
- 6 — h, ch, sh, j or i
- 7 — k or g
- 8 — f, v or w
- 9 — p or b

Any given word may be translated into numbers, thus: the word *man* contains the consonants *m n*, and is therefore 32,

|      |      |       |        |
|------|------|-------|--------|
| name | beer | paper | polite |
| n m  | b r  | p p r | p l t  |
| 2 3  | 9 4  | 9 9 4 | 9 5 1  |

Still, in the present absurd orthography, there are many difficulties in the way of those who wish to progress rapidly in their Phrenotypic Studies of Numbers. These difficulties are easily obviated by means of the Anti-absurd Dictionary.

For instance, in the present orthography, and in accordance with the rules laid down in the "Handbook," one might be puzzled to know whether the word *knowledge* represents 728516 or 2516, or perhaps

Those of my pupils who could not afford studying the mystifications of English diphthongs, *g* soft or hard, *k* and *e* mutes, &c., and also those independent spirits who had the courage to treat these scribbling-masters' mystifications with due contempt—have hitherto been perplexed in many a department of human knowledge where numbers are concerned, and in some of them they could not progress at all; for instance in *music*. The panacea against this orthographic plague is the Anti-Absurd Dictionary: here you find every word clearly representing numbers. In this Dictionary you find the word *knowledge* spelt anti-absurdly. *nolej*, which evidently contains *n l j*

2 5 6

I advise, therefore, all those who wish to progress in the study of numbers by steam and rail, to exercise themselves upon the pages of the Dictionary in a manner similar to the following:—

This will enable them to translate rapidly any given word into numbers, and also to manufacture easily words for given numbers. The importance of this acquirement can easily be appreciated by every one who has witnessed the wonders of Phrenotypics.
